were obliged either to leave the District to join other Colleges where these languages were provided or discontinue their studies. The Director also stated that it was represented to him that even if the number of students might not be appreciably large for the time being, that should not be made the basis for rejection of the reasonable demand of the public. It was however ordered in circulation that the D.P.I.'s proposal to have the College affiliated in Urdu under Part II of the Intermediate and B.A. Courses with effect from the next academic year should be deferred.

The answer to the Qn. may therefore be "No." The draft answer on p1c.f. is for approval. The file may be circulated to H.M. (S & L).
